Islamic Civilization: Rise and Fall of the Islamic World-Ernst Herzfeld 1917-06 Until the last decades of the sixteenth century, the major portion of the Islamic world was still largely a realm of pagans. There was no Islamic civilization. The Arab conquerors had created the world of Islam, not the Muslims. Even the name “Islam” was not given by the Muslims to the religion they had just discovered. It was a word that Muslims had inherited from the seventh century A.C., the god of the Romans. It is the origin of the name of the city of Islam, nowadays one of the largest cities of the Middle East. It represents simply an attempt to open the way it makes no pretense to exhaustive treatment of any of the immense problems on which it is to be based. It is a companion volume to the second major study on Islamic civilization, the Islamic civilization of the Middle East. It is written by a well-known scholar and will be an important contribution to the study of Islamic civilization. 

The Civilization of the Middle Ages, Norman Cantor, 1963 Studies on the ideas and institutions of Western civilization from 200 A.D. to 1500. 

Islam in the Middle Ages: The Origins and Shaping of Classical Islamic Civilization: Jacob Lasser 2009-11-19 In the first half of the third millennium, the great empires of the Middle East and Asia began to decline. Islam was the most important religion of the region, and the Moslem civilization was rising to take its place. 

The Middle East: Lewis 2009-12-15 In a sweeping and vivid survey, renowned historian Bernard Lewis offers a history of the Middle East that ranges from 5000 B.C. to the present day, focusing on the political, social, and cultural development of the Middle East, from Hellenization in antiquity to the impact of the Islamic Revolution. Sources, including the work of archaeologists and scholars, Lewis chronologically traces the political, economic, social, and cultural development of the Middle East, from Hellenization in antiquity to the impact of the Islamic Revolution. 

The Feudal Civilization and the Anti-Realistic Solution of the Problem of Universals. 

The Great War for Civilisation - Jeremy Black 2007-11 A sweeping and sweeping survey of the last half century of the twentieth century, covering the political, cultural, and intellectual history of the world. 

The Great War for Civilisation - Jeremy Black 2007-11 A sweeping and sweeping survey of the last half century of the twentieth century, covering the political, cultural, and intellectual history of the world. 

MEdieval Civilization-Civilization survey.

The Civilization of Crime-Eric Arthur Johnson 1996 Along with most of the rest of Western culture, has crime itself become more "civilized"? This book exposes as myths the beliefs that society has become more violent than it has been in the past and that violence is more likely to occur in cities than in rural areas. The product of years of study by scholars from North America and Europe, The Civilization of Crime shows that, however violent some large cities may be now, both rural and urban communities in Sweden, Holland, England, and other countries were much more violent in the past. 

The Life of a Prophet: A Biography of Muhammad-Erick Piscatori 1984-07 A full-length, biographical study of Muhammad, the prophet's early religious message and its appeal. They the Qur'an and how it would have been understood by the earliest generations of Muslims. How much does historical memory come into play in current depictions of this prophet's early religious message and its appeal? 

Endless War: America's endless quest for victory in every war from World War I to the war on terror-Timothy Garton Ash 2009-03-25 America’s endless quest for victory in every war from World War I to the war on terror. From a Nobel prizewinner’s perspective. 

The Waning of the Middle Ages-Jacques Le Goff 1980-11 A concise, engaging survey of the Middle Ages, from 1000 to 1300. 

The Waning of the Middle Ages—Jacques Le Goff 2003-04-25 A concise, engaging survey of the Middle Ages, from 1000 to 1300.

The World of the Oxus Civilization-Bertille Lyonnet 2020-11-18 This collection of essays presents a synthesis of current research on the Oxus Civilization, which arose and developed at the turn of the 3rd to 2nd millennia BC in Central Asia. First discovered in the 1970s, the Oxus Civilization, or the Bactria–Margiana Archaeological Complex (BMAC), has engendered many different interpretations, which are explored in this volume by an international group of archaeologists and researchers. Contributors cover all aspects of this fascinating Bronze Age culture: architecture; material culture; grave goods; religion; migrations; and trade and interactions with neighboring civilizations, from Mesopotamia to the Indus, and the Gulf to the northern steppes. Chapters also examine the Oxus Civilization's roots in previous local cultures, explore its environmental and chronological context, or the possibly coveted metal sources, and look into the reasons for its decline. The World of the Oxus Civilization offers a broad and fascinating examination of this society, and provides an invaluable updated resource for anyone working on the culture, history, and archaeology of this region and on the multiple interactions at work at that time in the ancient Near East. Antiquity-Norman F. Cantor 2015-10-13 Bestselling author Norman Cantor delivers this compact but magisterial survey of the ancient world—from the birth of Sumerian civilization around 3500 B.C. in the Tigris-Euphrates valley (present-day Iraq) to the fall of the Roman Empire in A.D. 476. In Antiquity, Cantor covers such subjects as Classical Greece, Judaism, the founding of Christianity, and the triumph and decline of Rome. In this fascinating and comprehensive analysis, the author explores social and cultural history, as well as the political and economic aspects of his narrative. He explains leading themes in religion and philosophy and discusses the environment, population, and public health. With his signature authority and insight, Cantor highlights the great books and ideas of antiquity that continue to influence culture today. Judaism on Trial-Hyam Maccoby 1993 This book focuses on the major Jewish-Christian disputations of medieval Europe: those of Paris (1240), Barcelona (1263), and Tortosa (1413-14). Kickapoo-Arrell M. Gibson 1975-04-01 The Kickapoo Indians, members of the Algonquian linguistic community, lived in federal Indian Territory west of the Mississippi River, the Kickapoo carried their battle to the plains of the Southwest. Here not only did they wage active and imaginative war, but certain bands became area merchants, acting as middlemen between the Comanche and Kiowa Indians and the United States government. They developed a flourishing trade in plunder and stolen livestock, but their most lucrative "goods" were the white captives whom they obtained from the Comanches and others. In 1875, after several profitable years of raiding in Texas for the Mexican Republic, the Kickapoo reluctantly settled on a reservation in Indian Territory. Corrupt politicians, land swindlers, gamblers, and whisky others. In 1873, after several profitable years of raiding in Texas for the Mexican Republic, the Kickapoos-Kiowa Indians and the United States government. They developed a flourishing trade in plunder and stolen livestock, but their most lucrative "goods" were the white captives whom they obtained from the Comanches and others.
